

Help shape the future of State Route 44!

Project Background

In early 2024, Ravenna, Rootstown, and Portage County established a Joint Economic Development District (JEDD) to enhance the quality of life for local business and residents. The JEDD's inaugural project is studying improvements to State Route 44.

The project's goals are to:

- Reduce traffic congestion and enhance safety
- Provide connected sidewalks and safe crossings for pedestrians and cyclists
- Develop a unique sense of place to promote economic growth

Get Involved!
